Overview: Renovated 3-bedroom Traditional Townhouse in the Heart of Mijas Pueblo Tucked away on a picturesque cobbled street directly behind the beloved Chema's Restaurant, this fully renovated three-bedroom, two-bathroom townhouse offers the perfect blend of traditional charm and modern comfort—right in the heart of Mijas Pueblo. Originally built in 1955 and completely renovated in 2025, the home spans 68 m<sup>2</sup> of internal living space and includes a small 14 m<sup>2</sup> open-air patio. Though the patio doesn't offer views, it enjoys direct sunshine and provides a tranquil space for relaxing. It also offers an ideal access point should the future owner wish to build a roof terrace or third level (subject to town hall approval), as many others on the street have done. Step through the front door and into an open-plan lounge, complete with brand-new flooring, fresh paintwork, a sleek TV area, and energy-efficient air conditioning. Just beyond, the modern kitchen features clean finishes and overhead skylight for natural light. Entrance level offers a cozy twin or small double bedroom and a stylish full bathroom—ideal for guests or single-level use. Upstairs are two further bedrooms: one spacious enough for a double bed, the other perfect as a twin or guest room. These rooms share a large, fully renovated bathroom with a contemporary walk-in shower. Every detail has been meticulously updated—from the wiring and plumbing to fixtures, air-conditioning units, and structural finishes—making this a move-in-ready home with all the hard work done. Note: The original staircase leading up from the lounge is narrow and may not suit everyone, so viewings are recommended to assess comfort and accessibility. Located just steps from Mijas Pueblo's charming plazas, restaurants, and artisan shops, this property offers both a peaceful retreat and instant access to village life.
